
Compliance Inspection Report: May 2018

<i>RM File No:</i>	RM150184
<i>Description of Activity:</i>	Extraction of gravel, removal of indigenous vegetation and associated earthworks
<i>Consent Holder:</i>	GBC Winstone Aggregates
<i>Inspection Dates:</i>	<u>Site inspections:</u> 11/05/18

Compliance Summary

1 site visit (11/05/18) since the last CLG.

Points of Discussion

- Main issue is Council has received a copy of the Draft Rehabilitation Plan for Stage 1.
- To date I have received two sets of comments on the plan but expect that the plan will be subject to discussion at the CLG.
- No decision will be made immediately on the plan so if people have further comments they can send them to me over the next couple of weeks.
- Meeting was held with the new staff at GBC Winstone following the departure of Mr Weekes and Mr Ulu.
- At the inspection that was undertaken it was noted that some weed and vegetation control around the bund, paper road and plantings.
- The fence on the construction side of the paper road has been installed
- A request was received by Council for the eastern walkway to be mowed which has been done.

The slip at on the bund was not noticeable at the time of the inspection .

No substantial extraction has occurred in Stage 1B at this time.

Signed

A handwritten signature in blue ink, which appears to read "Paul Busing". The signature is written in a cursive style.
